

Molnar *is* Lifting the Level

Elevating our range to new heights

Molnar is lifting the level of our product offering for the Australian auto market.

As part of the STENHOJ Group, we have a bigger range of products and a better range of workshop solutions to custom design a solution for every customer. The largest range available in Australia, all products are backed by the Molnar manufacturing quality commitment – ISO 9001:2015 certified.

With a longstanding reputation in the market, we are now focused on delivering a superior range of vehicle hoists and accessories, including a complementary range of workshop and diagnostic equipment for improved vehicle servicing options. All backed by our ongoing commitment to spare parts – for products new and old.

Want to learn more about the great range of new products from Molnar? Visit www.molnarhoists.com.au or call us today on **1300 MOLNAR**

Manufactured in Denmark, the SM75s Mobile Column Lifter has a 7.5 tonne capacity per column

Lifting the Safety

To increase knowledge of and adherence to Australian Safety Standards. To implement or support initiatives to improve safe working practices when working with or around vehicle hoists, to minimise the risk of injury or harm.

Lifting our Range

To continually improve the range of products available within the Australian market, and to consistently deliver a comprehensive set of products and related accessories plus readily available spare parts.

Lifting the Efficiency

To support the Australian automotive industry and specifically Australian workshops by looking for products or processes that will enhance the efficiency, workflow and productivity without compromise to quality or safety.

Lifting the Investment

To maximise our investment in product development and manufacturing to extend the lifetime value of a vehicle hoist for our customers, and to maintain this investment with a commitment to spare parts and product support mechanisms.

Lifting our Service

To strive for excellent service before, during or after the sale of a product, and to continually look for ways to enhance our service offering and our customer service to our distributors and our customers.
